KEY INSIGHTS & RECOMMENDATIONS

Key Insights

1.$2.30M sales and **$286.4K** profit (**12.47%** margin), with sales up **51%** from 2014 to 2017.
2.Technology and Office Supplies earn about **17%** margins, while Furniture earns only about **2.5%**.
3.Tables (−8.6%) and **Bookcases (−3.0%)** lose money, Machines earns just **1.8%**, and the bottom 10 products lose **$29.5K** combined.
4.Discounts over 20% net **−$135K**, while undiscounted sales earn **29.5%**.
5.Texas, Ohio, Pennsylvania and Illinois lose money, and Central is the weakest region at **7.9%**.
6.Sales peak in **September–December** and dip in **January–February**.

Recommendations

1.Reprice or rethink Tables, Bookcases and Machines, and audit the bottom 10 loss-making products.
2.Set discount guardrails. Require approval for any discount above **20%**, since those lines net **−$135K**.
3.Investigate pricing and costs in Texas and Illinois, the loss-making states that explain Central's weak **7.9%** margin.
4.Plan stock and promotions around the September–December peak, and test campaigns to lift January–February. *(Insight 6)*
5.Protect the growth. Sales are up **51%** since 2014, so apply these fixes without cutting the high-margin lines (Copiers, Paper, Accessories).
